

## Before Yo Eyes

Boss Hogg Outlawz

[talking]

PJ uh, the Rap Hustler (Boss Hogg Outlawz)

In your face (Outlawz)

We make the rules in the motherfucking streets nigga

It's been a long time coming, here I go

[PJ]

Live before your eyes, PJ the Rap Hustler

My whole damn life, a young nigga had to struggle

Now I'm thinking Coupes, windows bulletproof

It's not just me, my whole team is the truth

Niggaz acting funny, cause they know I'm getting money

But I don't give a damn, put the drugs down dummy

Niggaz wanna sip, pop pills and smoke dope

And wonder why the next day, they ass flat broke

Gotta use your brain, if you plan to maintain

Still selling caine, till I bleed the rap game

Money ain't a thang, getting cash by the stacks

Rolling in them slabs, or them ESV Lacs

In the game too deep, no surrender no retreat

Money hungry lawyer, all cases getting beat

Niggaz broke and they weak, that's why they love to hate

You bitch made niggaz, so fraud and fake

Put some food on my plate, it's time for me to eat

Boss Hogg Outlawz, running the streets

9-mili what I'm packing, when I'm rolling on the Davin's

One in the chamber, when I'm flossing on them swangas

I'm a Northside nigga, got some Southside friends

Bitch I ain't plexing, yo I'm all about my ends

Hoes get fucked, and kicked to the curb

No time for these broads, cause they get on my nerves

Stepping with my weapon, Houston what I'm repping

Five G's a verse, big faces I'm collecting

Money over bitches, sixteen switches

That's how a nigga live, when you all about your riches

Ever since a kid, it's been in me to shine

When it's war I pray to God, tell him show me a sign

I'ma keep chasing bread, till I'm dead and gone

PJ the Rap Hustler in your face, bitch it's on
