

# I Put On

**BossMan Dlow**

Yeah, yeah  
Bossman DLow, the Big Za, nigga  
Big gas, nigga  
Know what I'm sayin'?  
Fuck about y'all, I want Benjamins  
I pull up on you niggas like some Timberlands  
Everybody slime or a gremlin  
Then be tellin' when its time for sentencing  
Big Za, ayy

Catchin' these plays, I don't catch bodies  
I pop a perc', I don't pop molly  
Thirty two hundred my right pocket  
Ain't arguin', bitch, I don't like toxic  
Baby, come fuck me and feed me  
I got racks, give a fuck if you need me  
Hit that bitch with the lil' Michael Beasley  
I put on for my city like Jeezy

Ayy, I'm sorry for the wait like Weezy  
And they only call when they need me  
Pray to God but I hang with some demons  
Don't up it if you ain't gon squeeze it  
In my city, you stay in yo' lane and go get it  
Get flipped for just tryna be greedy  
I ain't wastin' no time, my chin on the ground  
See thousands of dope in my beanie  
Bad bitch, she gon' act up if she don't get her way, huh  
Junkie beatin' the trap up, they spend they last on me  
She say "Dlow, I been callin' you; you been trappin' all day"  
I don't wanna feel like I'm stalkin' you, but I ain't got time to wait, ayy  
I told my lil' bitch hurry, gotta catch my power play  
Ayy, niggas just like Steph Curry, just crossed me in my face  
When I blow up, don't jump on the bandwagon  
I grew up addicted to transaction  
Bitch, I been silent, my hand tatted  
I'm taxin', bitch, I'm Uncle Sam daddy  
'Member when I wasn't even that nigga, them bitches would sit there and laug  
h at me  
Ran it up quick and he broke as a bitch  
Only motion he got when he playin' Madden  
Walk in the party, I'm clutchin' the .40  
This big bitch here got my pants saggin'  
I'm finna go dummy, I'm countin' old hunnids  
I jumped out the truck smokin' grandaddy

Catchin' these plays, I don't catch bodies  
I pop a perc', I don't pop molly  
Thirty two hundred my right pocket  
Ain't arguin', bitch, I don't like toxic  
Baby, come fuck me and feed me  
I got racks, give a fuck if you need me  
Hit that bitch with the lil' Michael Beasley  
I put on for my city like Jeezy
