

I remembered late nights, couldn't sleep
Nigga gotta hit the road
I don't know what you mad at me for
We got the same 24
Dropped the "uh" in the pot, let it lock
It came back 24
I ain't scared to blow it back
Fuck nigga, I go and get some more

Congratulations, met a boss nigga
Tell your plug, fuck with me, I'll get off quicker
Power drugs, pullin' in and out the driveway
Big Glock, spent your own, come at her sideways
She a certified freak, real throat baby
Spin on it, twerk on it girl, go crazy
3:30 in the morning, servin' dope pages
I touchdown with them birds, Baltimore Raven
Nigga, VIP [?], wouldn't do no waitin'
Big Moncler coat, 1880
You still tryna shake some, you gon' keep shakin'
Keep fires it's cold out here, I can't sleep naked

I remembered late nights, couldn't sleep
Nigga gotta hit the road
I don't know what you mad at me for
We got the same 24
Dropped the "uh" in the pot, let it lock
It came back 24
I ain't scared to blow it back
Fuck nigga, I go and get some more

Congratulations, met a street nigga
Ride with a lot of grams, and they keep pistol
Young nigga, money coming in a lot of ways
Celebrating every day, feel like a holiday
If I put that dick in, I catch it, twerk on it
Thick bitch, go crazy, go berserk on it
Every time I leave the house, I got my work on me
I don't know if you wearin' a camera, I can't serve, homie
Bought the bitch some Tory Burch, it don't cost much
Pick it up, don't ask the price, bitch, I'm bossed up
Got that sack comin' in, bitch, steady trappin'
We got the same 24-hours to make it happen

I remembered late nights, couldn't sleep
Nigga gotta hit the road
I don't know what you mad at me for
We got the same 24
Dropped the "uh" in the pot, let it lock
It came back 24
I ain't scared to blow it back
Fuck nigga, I go and get some more
