

Is This Love

Bosson

Is it love, is it love that I feel
Is this the love people talk about
Is it love, is it love that I feel
Is this the love that we used to dream about
Is it love...

I'm standing alone, in a bright cold December night
I'm counting the stars, while I wait, here for you my lady
They say we're meant for each other
That it's too good to be true
I take a little time to discover
My body's aching for you

I'm starting to walk, heading home, is it over now
Then you're calling my name, I reach out
Though it hurts so baby
They say we're meant for each other
That it's too good to be true
I take a little time to discover
My body's aching for you

Can someone explain why I feel
This burning pain inside, it tears me apart
Makes me weak but I can't resist
