

Just Can't Get Over You

Bosson

I just can't get over you
I just can't get over you

You just caught me right from the start
It was hard to resist you
When you left me with a broken heart
But I'll never regret you
All the words are ringing in my head
I should try and erase you
But I keep your pillows in my bed
'Cause it hurts to forget you

Yes it hurts to forget you
'Cause it hurts to forget you

I just can't get over you
I just can't believe that our love is gone
I just can't get over you
I am trying to breathe but the air is gone
I just can't get over you
I just can't believe that our love is gone
I just can't get over you
I am trying to breathe but the air is gone
I just can't get over you
I just can't get over you

When I meet you in the street at night
I just smile and I kissed you
But I fight to keep the tears inside
'Cause the truth is I miss you
All the words are ringing in my head
I should try and erase you
But I keep your pillows in my bed
'Cause it hurts to forget you

Yes it hurts to forget you
'Cause it hurts to forget you

I just can't get over you
I just can't believe that our love is gone
I just can't get over you
I am trying to breathe but the air is gone
I just can't get over you
I just can't believe that our love is gone
I just can't get over you
I am trying to breathe but the air is gone
I just can't get over you
I just can't get over you

I just can't get over you
I just can't believe that our love is gone
I just can't get over you
I am trying to breathe but the air is gone
I just can't get over you
