Come back to me Melanie  
Come back to me Melanie

I want you, say do you  
Feel the same way that I do  
I need you, say do you  
Feel the same urge for me, too

Time, it's time this time I wanna be  
Life, alive you wanna live  
Love, Love, Love will set us free

Come back to me Melanie  
In my mind it's just you and me to eternity  
Come back to me Melanie  
In my mind it's just you and me to eternity

Come back to me Melanie  
Come back to me Melanie

I'm missing you, say do you  
Ever miss me sometimes, too  
I dream of you, say can you  
Help me make my dreams come true

Time, it's time this time I wanna be  
Life, alive you wanna live  
Love, Love, Love will set us free

Come back to me Melanie  
In my mind it's just you and me to eternity  
Come back to me Melanie  
In my mind it's just you and me to eternity

Come back to me Melanie  
Come back to me Melanie

Come back to me Melanie  
It's just you and me  
Come back to me Melanie  
It's just you and me

Come back to me Melanie  
In my mind it's just you and me to eternity  
Come back to me Melanie  
In my mind it's just you and me to eternity

Come back to me Melanie  
It's just you and me  
Come back to me Melanie  
It's just you and me  
Come back to me Melanie
