

It resets and starts again  
The purge of every old weekend  
Clean the gutters and bleach the sea  
Raise the shutters and leave me be

This is how it ends  
Take it or leave it  
Cause I don't know the first thing about how to live  
It resets and starts again

A graveyard of old phone boxes  
What are you eating, what are you watching?  
A flood as far as the eye can see  
At least it made people like you angry

This is how it ends  
Take it or leave it  
Cause I don't know the first thing about how to live  
It resets and starts again

Dull vision numbs the ache  
Cleanse my dreams, don't let me wake  
If this is all that's left for me, I always knew it

Cause I don't know the first thing about how to live  
'Cause I don't know the first step it takes to forgive  
Cause I don't know the first thing about how to live  
It resets and starts again  
It resets and starts again  
It resets and starts again
