

Funeral Party

Boston Manor

Watch mud flow down the drain
Until it's gone
This party's full of shit
Let's have our own one
I smell a hypocrite, I smell a snake
You're a liar and a cheat, I want my money
I want you dead you fake

Nowhere (is where I'm going)
Nowhere (cause I've got nothing)
Nowhere (let me have something)
Nowhere (cause I've got nothing)

Give me something to do
Give me a job
Give me something to prove
Give me a heart
Give me morality
Give me a soul
Give me cheap alcohol and put me on the dole

Nowhere (is where I'm going)
Nowhere (cause I've got nothing)
Nowhere (let me have something)
Nowhere (cause I've got nothing)
I'm falling and I can't slow down
In a hole with no way out
(Cause I've got nothing)

Nowhere (is where I'm going)
Nowhere (cause I've got nothing)
Nowhere (let me have something)
Nowhere (cause I've got nothing)
(Cause I've got nothing)

Nowhere (is where I'm going)
Nowhere (cause I've got nothing)
Nowhere (let me have something)
Nowhere (cause I've got nothing)
I'm falling and I can't slow down
In a hole with no way out
(Cause I've got nothing)
I'm falling and I can't slow down
In a hole with no way out
(Cause I've got nothing)
