Blind

Botch

We're all subject supplement beings
Struggling for our purpose
Excuses are onto deaf ears
Of us for our support
And a few words we speak for them
But we were never asking for the truth
It's a never ending cycle of power

Power themselves
Power themselves
It's a never ending cycle
Of powering themselves
Power themselves
Power themselves
It's a never ending cycle
Of powering themselves

No matter how hard we try
We're all let down the wrong trail
Corrupting everything
Through judgement and fear
Corrupting everything
Through judgement and fear

Corrupting everything
Through judgement and fear
Corrupting everything
Through judgement and fear
Corrupting everything
Through judgement and fear
Corrupting everything
Through judgement and fear

[?] the line
Promotes the breeding of conformity
And ostracizes our defiance

I'm locked down, it's all my fault
Burnt to stone from youth installed
I'm locked down, it's all my fault
Burnt to stone from youth installed

No turning back
No turning back
No turning back
There's no turning back

No turning back
No turning back

No turning back
No turning back
No turning back
There's no turning back
No turning back
No turning back
No turning back

There's no turning back

I'm locked down, it's all my fault
Burnt to stone from youth installed

No turning back
No turning back
No turning back
No turning back
