

One Twenty Two

Botch

7 years of tears into pillows
The longest nights left out
A case of pills do nothing for us
Finding love in doubt
7 years of tears into pillows
The longest nights left out
A case of pills do nothing for us
Finding love in doubt
Black widow
Black widow
A case of pills do nothing for us
Finding love in doubt

7 years of tears into pillows
The longest nights left out
Black widow
f*cking say it again
Black widow
I'll end this right now
Black widow
f*cking say it again
Black widow
I'll end this right now
I'll end this right now
f*cking say it again
I'll end this right now
I'll end this right now
