

# Your Receding Warmth

## Boundaries

The cold is coming as sure as the sun will rise  
Your receding warmth is all that I desire

And if you ask, I'm not as bad as I seem  
But no one ever said that you could trust a single word from me  
Lie to myself just to get through the day  
What won't I do to keep what I need

What I need

I'm afraid of the mistakes that I've made  
I'm afraid that I won't know till it's too late  
When the damage has already been done  
And what will remain of me if this can move on

I want to pull you back but I can't reach  
Our perforated pleasure is finally tearing (Tearing)

You're tearing away from me  
The cold is coming as sure as the sun will rise  
Your receding warmth is all that I desire

Food has lost its taste  
And I'm just losing sleep  
Trying to replace the space next to me

Trying to replace (Trying to replace)  
The space next to me (Trying to replace)  
Trying to replace (Trying to replace)  
The space next to me (Trying to replace)  
Trying to replace you

The cold is coming as sure as the sun will rise  
Sure as the sun will rise  
Your receding warmth is all that I desire  
All that I desire

Your receding warmth  
Your receding warmth

Split my head open, look inside  
Try to find where it all went wrong  
Where it all went wrong

Where all went wrong  
Where I went wrong
