

# I'm Not Hungover

Bourbon Crow

Well, I'm not hungover, I'm just sick of you  
I'm not hungover, I'm just sick of you  
When I see your face, I know it's true  
I'm not hungover, I'm just sick of you

And now I'm throwin up in the toilet  
I don't know why but I think I am enjoyin it  
You ask me why I'm feelin blue  
Well, I'm not hungover, I'm just sick of you

Well, I never want to see your face, oh no  
I never wanna wanna ever see your face  
I'm about to close my eyes with superglue  
I'm not hungover, I'm just sick of you

Somebody, get me a drink  
You can see it in my face, I need a drink  
I need something to help me get through  
I'm not hungover, I'm just sick of you  
Well, I'm not hungover, I'm just sick of you
