Whenever I'm in it  
Make your toes toes curl curl  
Whenever I lick it  
Make you go go (uhhh)  
Whenever I feel it  
Aye girl I got a question,  
What's your favorite position?  
Easy on your saddle, fuck er from the back

Chyeah, I ain't here for the small talk, no  
Baby just turn these lights down  
Supply you with this pike now  
Neighbours are saying pike down  
Girl just take them drawers off and that bra off  
Quit with all that child shit  
Red bottoms on, you can tell she a fly bitch  
Lips is locking, bodies touching  
Skip the foreplay, get to fuckin  
This a serious morning lustin  
Come in girl and let daddy touch it  
Promise you that I won't be rough  
Come and let a real nigga beat it up  
And I'm NASTY  
Come and let a real nigga eat it up

These other girls are just imitators, they don't do it like you

Tell me how you like it  
Fast and slow  
Keep my chain on when I'm sexing her  
She love it when a nigga straight drippin ice  
Wonder why your girl is with me?  
Probably 'cus you ain't hittin it right  
And she say you got no swag,

And I make up where you lack at  
Got my camera on record
