It's Going Down

Bow Wow

Chorus: (x2)
Me, meet me at the spot, you know it's going down,
Bring the finest bud that you could find in town!
I got bitches on call, bottles on chill,
Is cash, money lifestyle, we do this for real!

..got the house, Rico got the trees,
Girls running round topless in my pen house sweet.
Hit the club every night, that's the rock star life,
And my album's so hard, it deserves five mikes!
I own a Lamborghini, bitch, so why would I drive slow?
Make a hundred racks a night on tour, that's just per show!
Already paid, instead of make me richer, goes another reason,
You can hate on this nigger!

Chorus: (x2)
Me, meet me at the spot, you know it's going down,
Bring the finest bud that you could find in town!
I got bitches on call, bottles on chill,
Is cash, money lifestyle, we do this for real!

Doing what I want to, fuck whoever...
Used to do it for the ladies, I got games like play station!
Girl, try to model for me,
Just open up your mouth, lil' momma go and swallow for me!
Uh, chill! So when I come to your town,
Bring the.. we can burn one down!
See him.. the new team, ...like a beast team!

Chorus: (x2)
Me, meet me at the spot, you know it's going down,
Bring the finest bud that you could find in town!
I got bitches on call, bottles on chill,
Is cash, money lifestyle, we do this for real!
