

# Liars

**Bow Wow**

Hey you taking a stand for peace and love  
Everybody knows  
That you won't let go  
You're thinking inside that they can't see  
You can fool the voters all day  
And you love the power

But soon you're gonna fall down  
The world is going around  
We found the things you do  
Oh!  
You think you are immune  
Prepare, it's gonna come soon  
The clock is ticking High noon  
You

Liar - Liars  
Liar - Oh, you liars

Hey you literate man can't you see  
Written on the wall  
By the City Hall  
We're thinking inside that you can't cope  
You can wave and smile at people  
But you will discover

That soon you're gonna fall down  
The world is going around  
We found the things you do  
Oh!  
You think you are immune  
Prepare, it's gonna come soon  
The clock is ticking High noon  
You

Liar - Liars  
Liar - Oh, you liars

Liar - Liars  
Liar - Oh, you liars

That soon you're gonna fall down  
The world is going around  
We found the things you do  
Oh!  
You think you are immune  
Prepare, it's gonna come soon  
The clock is ticking High noon  
You

Liar - Liars  
Liar - Oh, you liars
