

Catalyst

Bowling For Soup

I want you to sit and listen now
I know it's more like me to wanna make out
But I thought that we could try something new
I'm not perfect but you swear I am
Doing my best to be a better man
And I have to say it's all because of you

You are the catalyst
You make me the best me that I've ever been
You are the catalyst
You make me trust you and like myself again
Can you tell me
How in the world could I ever ask for more
You show me love I've never felt before
You are the catalyst

Up in lights but all alone in the crowd
You found me underneath the darkest cloud
And it's safe to say you saved me that day
I hope you know that you're my best friend
I've got your back until the very end
And together we will find our way

You are the catalyst
You make me the best me that I've ever been
You are the catalyst
You make me trust you and like myself again
Can you tell me
How in the world could I ever ask for more
You show me love I've never felt before
You are the catalyst

Remembering the first night we were drunk in the cab
I got so lost in you that I forgot where I lived
So you looked up my address on your phone

You are the catalyst
You make me the best me that I've ever been

You are the catalyst
You make me the best me that I've ever been
You are the catalyst
You make me trust you and like myself again
Can you tell me
How in the world could I ever ask for more
You show me love I've never felt before
You are the catalyst
(I wanna see you smile everyday)
You are the catalyst
(I hope you know you're my best friend)
You are the catalyst
(You are, you are)
You are, you are, you are the catalyst
You are...
