

# Hang On

Bowling For Soup

**D C G**

**D C**

1. I used to see you every morning

**G D**

Even when I didn't want to

**D C**

You used to like to watch us play downtown

**G D**

As long as I sang a song for you

**G D**

R: But nothing stays the same

**C D**

And it's drivin' me insane

**E C D**

Oh, you know we've got it so bad

**G D**

And nothing you can say

**C D**

Can make me want to stay

**E C D**

But still you're hangin' on

2. You say you never saw this comin'

So why does it always fall on you

I think you call me every time you see a phone

You hang but I know its you
