

Love Ya, Love Ya, Love Ya

Bowling For Soup

I called you up you didn't answer your phone
(I) I wondered what you were doing and if you wanted an ice cream cone, yeah

I waited outside but didn't see your car
(I) I spent the whole night drinking and don't remember leaving the bar, yeah
h!

Get back in my life
Get out of my head
Get back in the car
Come back to bed

Stop wearing my shit
I'm losing my mind
I'm tired of wasting all this time

I love you, love you, love you,
And I'm never gonna leave you
But I kinda hope you fucking die
Oh, you're always on my mind

You make me sick
You're really mean
You know you make me laugh
You're everything I need
And I
Love you, love you, love you,
More than anything in this whole world
So are you my girl?

Get outta my mind get outta my brain
(I) I feel like we go thru this again and again and again and again, yeah
You had your chance and now I'm trashed on
(I) I don't feel a thing let's get this over and over, can this be done? yeah
h

Get outta my life
Get back in my head
Get out of my car
Get back in my bed

Stop drinking my shit
I'm losing my mind
I'm tired of wasting all this time

I love you, love you, love you,
And I'm never gonna leave you
But I kinda hope you fucking die
Oh, you're always on my mind

You make me sick
You're really mean
You know you make me laugh
You're everything I need
And I
I love you, love you, love you,
But you really need to make up your mind

So are you my guy?

Yes I'm your guy, are you my girl?
Yes I'm your girl, are you ready now?
Yes I'm ready now

Well I almost want to leave you
But I really want to you
And I think I'm making up my mind

I love you, love you, love you,
And I'm never gonna leave you
And I'm glad you didn't fucking die
Oh, you're always on my mind

I love you, love you, love you,
And I'm never gonna leave you
But kinda hope u fucking die
Oh, you're always on my mind

You make me sick
You're really mean
You know you make me laugh
You're everything I need

I love you, love you, love you,
More than anything in this whole world...
So are you my girl?
