

# High Up

Boy & Bear

Give back my love  
Hand me my heart again  
'Cause you are my rush  
I need my rush again, again

'Cause you were so high up  
But honey I'll wait, say you never come down  
When it feels so quiet  
Where do I go?  
Oh I guess I'll keep driving 'round

Hand back my mind  
Give me my time again  
I ain't got that light. Yeah

'Cause you were so high up  
But honey I'll wait, to say you never come down  
When it feels so quiet  
Where do I go?  
Oh I guess I'll keep driving 'round

I can't go back  
I know too much to carry on  
I'm off my tracks, but then  
Maybe I won't, I won't regret  
Maybe I don't, I don't forget

'Cause you were so high up  
But honey I'll wait, to say you never come down  
When it feels so quiet  
Where do I go?  
Oh I guess I'll keep driving 'round
