

Vesuvius

Boy & Bear

I checked out some time ago
It got a little uneasy
To a quiet but vibrant place for myself

And this form of escapism
Without chemical dealings
Might be the greatest accomplishment of my life

Don't lose ya mind
Time moves us
With all ya might
Vesuvius

And it's hard to admit but it's true
I'd fair without friends but I'd die without you
I'd die without you
I'd die without

(Don't lose ya mind)
So I checked out some time ago
To an evergreen dreaming
(With all ya might)
And I did what I had to do for myself

Wait for help
Cards get dealt
Fuck this I'm out

And it's hard to admit but it's true
I'd fair without friends but I'd die without you
I'd die without

Don't lose ya mind
Time moves us
With all ya might
Vesuvius

Don't lose ya mind
Time moves us
With all ya might
Vesuvius
