

# Where Does Life Begin

Boy & Bear

And people dancing  
Moving like the wind  
I see them dancing  
Where do I begin

And people dancing  
Moving like the wind  
I see them dancing  
Where do I begin

Where do I...

I wasn't afraid of it back then  
A sucker for testing my pride  
I could have stayed but instead I  
Left to wonder why

And I wasn't afraid of it back then  
I'd put the music up loud  
You tried to help me  
But then you lost me in the crowd

I wasn't afraid of it back then  
Been such a long time  
I could have stayed but instead  
I left to wonder why

And I wasn't afraid of it back then  
I can't remember now how

You tried to help me  
But then you lost me in the crowd  
People dancing  
Moving like the wind  
You lost me in the crowd
