

Work of Art

Boy & Bear

I can feel it in the back of my mind
It took an amnesia from the back of my mind
So buried for so long
But I can feel it in the back of my mind

Just in time we'll go dancing
Through the work of art
But it breaks my heart
'Cause we're worlds apart
Just trying to connect

And I was up that night
And I stood tall and unbound
In the presence of an oversight
I don't feel alone

Just in time we'll go dancing
Through the work of art
Just to rest our heart
A kindness to befriend

Guess I needed time
I see that I'm just glad
I'm onto you
'Cause nothing I do
Would matter without you

Yes, I need it
Time I feed it
I'm forever lost in you
It's just something I do
I'm enamored of you

Just in time we'll go dancing
It's a work of art
