

Boy Maybe

Boy George

Another question mark in the universe
You try to make some sense of it, you only make things worse

Give him some space, give him some space face
Give him some space, give him the size

Boy maybe, boy maybe
He don't seem to show up lately
Boy maybe, boy maybe
The way you're looming is really shady

Maybe he will, maybe he won't
Maybe he does, maybe he don't

Another question mark over integrity
What happens in your head also happens to me

Give him some space, give him some space face
Give him some space, give him Mars

Boy maybe, boy maybe
He don't seem to show up lately
Boy maybe, boy maybe
The way you're looming is really shady

Maybe he does, maybe he don't
Maybe he will, maybe he won't

My boy maybe, my boy maybe
My boy maybe, don't seem to show up lately

Boy maybe, boy maybe
He don't seem to show up lately
Boy maybe, boy maybe
The way you're looming is really shady

My boy maybe, my boy maybe
My boy maybe, don't seem to show up lately
