

Dirty Disco

Boy George

Now make way for the queen
Queen of London
Queen of New York
Queen of Brixton

Ain't got no right, to stake a claim on you
This time tomorrow night, it's bound to be someone new
What if the soldiers can't be saved? What if a boy just can't b
ehave?
He's getting higher, feeling brave, down at the disco

You've got your eye on me, dirty disco
You've got a way of saying what should never be said
You've got your eye on me, dirty disco
Follow me home from the disco

I got the right to lay my hands on you
This time tomorrow night, bound to be someone new
What if the soldiers can't be saved? What if a boy just can't b
ehave?
He's getting higher, feeling brave, down at the disco

You've got your eye on me, dirty disco
You've got a way of saying what should never be said
You've got your eye on me, dirty disco
Follow me home from the disco

Dirty disco
Dirty disco

You've got your eye on me, dirty disco
You've got a way of saying

You've got your eye on me, dirty disco
