

## Girlfriend

Boy George

I came in here tonight  
Just like all of you  
Looking for some fun  
Something nice to do  
Yeah, something nice to do  
I've got the feeling  
You must be screaming  
Your love is walking away  
I've got this feeling  
You must be screaming  
But I just wanted to say  
Girlfriend, everybody needs  
A boyfriend  
Cos when you've got  
A boyfriend  
You've got something  
Else to do  
I'm throwing down tonight  
Just like all of you  
I'm looking for some fun  
Nothing less to lose  
No, nothing else to lose  
I've got the feeling  
You must be screaming  
Your love is walking away  
I've got this feeling  
You must be screaming  
But I just wanted to say  
Girlfriend, everybody needs  
A boyfriend  
Cos when you've got  
A boyfriend  
You've got something  
Else to do  
If you want to keep your man  
Be a devil if you have to  
Hold on to him girl  
There are those that will  
Defeat you  
There are others that will leave  
You dry  
Go on girl  
Take your love and wrap it  
Around  
The first sucker that you meet  
What's the mattery honey  
Did your neck throw up  
Just get off my face
