

## Isolation

Boy George

Can I thank you for your good advice?  
It went in one ear and out the other  
When I scream at you, you switch off inside  
I feel the same, so tell me why I do it

I met a man  
Who owns satellites  
And it got me thinkin'  
About isolation  
Isolation  
Isolation  
Isolation  
Thinkin' 'bout isolation

Can I touch you in the deeper sense  
There are no rewards for simple humanity  
If I bite you back, what do I get?  
The space inside, the emptiness

I met a man  
Who owns satellites  
And it got me thinkin'  
About isolation  
Isolation  
Isolation  
Isolation  
Thinkin' 'bout isolation

You don't know how it feels to be here without you  
You don't know how it feels to feel alone

I met a man  
Who owns satellites  
And it got me thinkin'  
About isolation  
Isolation (isolation, isolation)  
Isolation (isolation, isolation)  
Isolation (isolation, isolation)  
Thinkin' 'bout isolation  
  
Isolation  
Isolation  
Isolation  
Thinkin' 'bout isolation
