

# Mr. Strange

Boy George

I never liked you much  
It's true  
It's true  
But forgive the hateful

Things I say and do  
'Cause I do  
The world is a mirror  
And I see the things I hate

Every accusation that I dare to make  
Here comes Princess Julia  
Looking like a goddess  
'Til she opens her mouth

Lola Hola is spinning round  
Stella wants vodka  
And she wants it now  
Oh Mr. Strange

Oh Mr. Strange  
Oh Mr. Strange  
You're very weird  
I never liked myself it's true

Well it's true  
That's why I took my bitterness on you  
Well I do  
I look into the mirror

And I see the things I hate  
Love to change the picture  
But it's much too late  
Here come Princess Julia

Looking like a goddess 'til she opens her mouth  
Lola Hola is spinning round  
Stella wants vodka  
And she wants it now

Oh Mr. Strange  
Oh Mr. Strange  
Oh Mr. Strange  
You're very weird

Sister Philip bitchin' on the telephone  
Some handsome scary creature  
Followed Missy home  
It's a dangerous game you play

So hide those wedgewood plates today  
'Cause all the love is take away  
I know  
I know

Told you this was lie  
So very strange

Superstar strucked  
Mr Strangeways

Strangeways  
Oh Mr. Strange
