

# Play Me

Boy George

Play with myself...  
Play with my mind...

Baby  
Come on play me  
Like an old familiar song  
Melts your heart  
Makes you sing along  
On the radio night and day  
Like the music never went away  
Come on play me

I know it ain't you  
When you talk the way you do  
Only bad things coming through  
So just sing it the way you do  
...
