

# Swoon

Boy George

Vamonos, vamonos, vamonos  
Estamos claros y ya  
Vamonos, vamonos, vamonos

Those eyes will get you in trouble  
Those feet, somebody take them dancing  
Let's eat because you're always hungry  
No take-away will ever fill you up

Driving from the city down to the beach  
Empty up my head, that's what I need

Swoon  
Remember one time you could light up a room, boom boom  
Being pretty like a silver spoon  
Swoon  
Those who put you down, maybe they spoke too soon  
'Cause you still swoon

Vamonos, vamonos, vamonos  
Estamos claros y ya  
Vamonos, vamonos, vamonos

Those lips put you in danger  
Now you gotta be smart and work a little harder ([?])  
Sex appeal, curb appeal, none of it's real  
Unless it comes from the heart

Swoon  
Remember one time you could light up a room, boom boom  
Being pretty like a silver spoon  
Swoon  
Those who put you down, maybe they spoke too soon  
'Cause you still swoon

Ai-ai-ai-ai-ah  
Look at you  
Head to toe perfection

Swoon  
Vamonos, vamonos, vamonos  
Estamos claros y ya  
Swoon  
Vamonos, vamonos, vamonos

Swoon  
I bet your enemies spoke too soon  
'Cause you still swoon

Swoon (ai, ai-ai, ah)  
Remember one time you could light up a room, boom boom  
(Those lips [?])  
Being pretty like a silver spoon  
Swoon  
(Could've been about you, a testament to your beauty  
Do you want it to be better?)  
Swoon

Remember one time you could light up a room, boom boom
