

Turn 2 Dust

Boy George

Chi Chi Man, everywhere you turn
You say "Burn, dirty Babylon, burn"
"Abomination" you cry
Receiving messages from the sky

Yet still in the Lord I trust
All this hatred will turn to dust
Turn to dust

I will face this madness
And violence with love
I will stand tall and proud
'Cause I know I'm good enough
I can hold my own next to anyone
I am cursed and blessed to be my father's son

Ruled by love
Always fooled by love
In my heart and my soul
I am strong enough

Turn to dust, oh, turn
All hatred must turn to dust
Turn to dust, oh, turn
All hatred must turn to dust
Turn to dust

I will fight your anger
Every curse on my kind
Confront your prejudice
Till you leave it behind
Celebrate my difference
With only truth as my defense

Ruled by love
Always fooled by love
In my heart and my soul
I am strong enough

Chi Chi Man, everywhere you turn
You say "Burn, dirty Babylon, burn"
"Abomination" you cry
Receiving messages from the sky

Yet still in the Lord I trust
All this hatred will turn to dust
Turn to dust

Turn to dust, oh, turn
All hatred must turn to dust
Turn to dust, oh, turn
All hatred must turn to dust
Turn to dust, oh, turn
All hatred must turn to dust
Turn to dust, oh, turn
All hatred must turn to dust
Turn to dust

Turn to dust, oh, turn
All hatred must turn to dust
Turn to dust, oh, turn
All hatred must turn to dust
Turn to dust
