

I'm A Cloud

Boy Hits Car

And you will heal yourself when the rain begins to fall.
Feel the fire
Burning inside us all.
Remove me
For going in unchained.
Blow away for yourself and gather again.
And, listen to the conversations of the sea.
Inside us all
There's a quiet beach.
If we fall into ourselves we will become free.
I myself could use a little clarity.

I am so full of love.
I am so full of hate.
I am so full of these feelings
That turn me every which way.

I am so full of you.
I am so full of me.
I am so full of these words
That don't tell her a fucking thing.

I am so full of love.
I am so full of hate.
I am so full of these feelings
That turn me every which way.

Then I opened up my mouth.
I'm a cloud.
And these words they seldom come out.
When I looked into her eyes I cared enough to wonder why
She'd want a cloud that's *fucking around.*

But I feel it's time to say goodbye to fear.
And feel the fury of these tears
As they run down my face
I can feel her so far away.

'Cause I am a cloud.
And I am so afraid.

I am so full of love.
I am so full of hate.
I am so full of these feelings
That turn me every which way.

So don't you come and gather at me in this haze.
I sit at home and feel the sun's daze.
I should tell me not to little everyday.
I blow away remaining unfazed.

When I feel the there's something crawling out of me
I'm just a cloud watching the moon rise.

These motherfuckers stepped on me,
Tried to fuck me from behind.

'Cause I am a cloud.
And I am so afraid.

And I... I am.
So... full of love.

I am so full of love.
I am so full of hate.
I am so full of these feelings
That turn me every which way.

I am so full of you.
I am so full of me.
I am so full of these words
That don't tell her a fucking thing.

I am so full of love.
I am so full of hate.
I am so full of these feelings
That turn me every which way.

I am... so full of love.
Love!

I am so full of love.
I am so full of hate.
I am so full of love.
I am so full of...
