

## Feeling Lonely

boy pablo

I woke up this morning  
Feeling lonely  
You were gone, and my cellphone too  
But what is this feeling?  
Empty inside my head  
Feels like a heart attack  
Oh oh, woah

I miss you so bad  
A thought of you makes me sad  
I'm going mad (no, I'm not)  
Oh oh

Can't help it, I just miss you  
How did I lose you now again?  
Can't help it, I just miss you  
Why did I lose you now again?  
Wooh

Parapara  
Feeling lonely  
Parapara  
Parapara  
I'm feeling lonely  
Parapara  
You were gone and my cellphone too  
You were gone and my cellphone too  
Oh oh

Can't help it, I just miss you  
How did I lose you now again?  
Can't help it, I just miss you  
Why did I lose you now again?  
Feeling lonely  
Wooh
