

# Flowers

boy pablo

The sun is falling now  
Seems like you left the town  
Why would you ever leave us?  
Well, it's nothing to discuss  
'Cause I know that it's over

We won't forget you now  
'Cause you'll be right back  
Am I wrong  
Am I wrong saying we will see you soon

These memories will fade  
The sun won't shine today  
My body starts to get pain  
Not going anywhere  
There's nothing left to say  
'Cause I know that it's over

We won't forget you now  
'Cause you'll be right back  
Here again, here again with us  
We can't wait to see the flowers  
And when that time is here  
We'll be so glad to get out  
Get out when you come back to us  
And hang out for those months of  
Hang out for those months of time

We won't forget you now  
'Cause you'll be right back  
Here again, here again with us  
We can't wait to see the flowers  
And when that time is here  
We'll be so glad to get out  
Get out when you come back to us  
And hang out for those months of  
Hang out for those months of time
