

I <3 U

boy pablo

I turned off all the lights
I never thought that things could turn that way
What was I supposed to do?
Who could I trust?
Needed a shoulder to cry on
You meant much more than that

You took me by surprise
The way you walked into my darkened life
You sent a storm away
Never expected you to be a friend to me
You meant much more than that

I love you
Don't know what else to say to you
I know that we don't talk as much as we used to do
But this I'll say
I love you

You were the only one
Who saw me cry when I was all alone
The finest words you said
Carefully whispered to me in the dark
I'm here, and I will always be

I love you
Don't know what else to say to you
I know that we don't talk as much as we used to do
But this I'll say
I love you

(I love you) You meant much more than that
(I love you) And you will always do
(I love you) I didn't have a clue
(I love you) That I was waiting on you

I love you
Don't know what else to say to you
I know that we don't talk as much as we used to do
But this I'll say
I love you
Yeah
