Don't forget me, you know I'll say  
That this could be just us and no one else  
Get my hopes up, I know you'll say  
That we should just stay off each other's worlds

Don't forget me, I'll leave it there  
We can't discuss, I'm over here till then  
Can't forget you, too beautiful  
Why can't this be just us, I love you so
