

## Ready / Problems

boy pablo

My thoughts mixed up  
You don't seem to bother  
Are you blind or just tired  
Of everything that has been going on  
Lately I'm sorry  
Maybe I shouldn't try  
To be the guy who solves your problems  
Problems

Right place, wrong time  
Is what she said to me  
These days gone to waste  
Is what we're left with  
Right place, wrong time  
Is what she said to me  
These days gone to waste  
Is what we're left with

My thoughts mix up  
You never seem to bother  
Are you blind or just tired  
Of everything that has been going on  
Lately you say you're not ready  
But will you ever be ready?  
Ready, are you ready?  
Will you ever be ready?

Right place, wrong time  
Is what she said to me  
These days gone to waste  
Is what we're left with  
Right place, wrong time  
Is what she said to me  
These days gone to waste  
Is what we're left with
