

# Yeah (Fantasizing)

boy pablo

They stopped talking, or did they?  
Yeah they did, and it's obvious why I'm a mess  
They couldn't resist  
I'm the one who starts  
I'll give you what you want  
Yeah, I'll do  
And you will let me go on and on  
It starts on a kiss

Please let me walk around  
Let everyone stare into my soul  
Fantasizing  
It's fascinating, oh, how everyone needs to be like this

The craziest part 'bout all of this  
Is that everyone thinks I'm the crazy one

Please let me walk around  
Let everyone stare right into my soul  
Fantasizing  
It's fascinating, oh, how everyone needs to be like this
