

Bad Things

Boy Spyce

Uh

Uh uh uh

What you say now

Face down

Off your heels and your grey gown

Shey you shave now

Lay down

Make I chop you likey wafer

Baby no shout

Turn round round

Make you splish splash

Baby no doubt

Na the best part when you spread out

Yeah

I know you bad and bougie

I know you want the Gucci

Baby you touching my soft spot

You whine that booty

You know I love you truly

Let's make a fucking movie

I got you calling my name now

I'll run before she

Fly on my bed, she got a jet pack

Green says go, she never gives a red flag

Don't they know, I'm loving you forever

Won't let go cause baby you're my treasure

Girl I'll do somethings to you

(Ahn ahn, ahn ahn, ahn ahn)

Many many many many bad things

(Ahn ahn, ahn ahn, ahn ahn)

Girl I'll do somethings to you

(Ahnn, ahnn, ahnn)

Many many many many bad things

(Ahnn, ahnn, ahnn)

Many many many many bad things

So baby tell me what you say now (ahn, ahn)

Face Down (ahn, ahn)

Off your heels and your grey gown (uhh)

Shey you shave now (ahn, ahn)

Lay down (ahn, ahn)

Make I chop you likey wafer (ahn, ahn)

Baby no shout (ahnn)

Turn round round (ahnn)

Make you splish splash (ahnn)

Baby no doubt (ahnn)

Na the best part when you spread out (ahnn)
