Ohh ohhh ohhh ohhh
Yeah Yeah yeah yeah

You sabi book, you sabi book die
Me I dey sing and I sabi write rhymes
Different dreams and different lifes
Oh oh
And you sabi cook, you sabi cook die
Amala and Ewedu, I go miss am die
But you deserve a better life

Uh uh uh uh uh uhh
Feel so incomplete, as you dey pack your bag to leave
And I dey look you through my window, window uh uh uh uh
But you have to chase your dreams
You got a plane to catch by Six
Pe mi lori phone if you don reach Greece
Le le ye uh uh uh

Anytime you miss me make you call my line ah
If you give me visa I go come walahi ah
Anytime you miss me make you call my line ah ah ah ah

Five years and a half don pass
You no call and you no flash back
I follow you but you no follow back (but you no follow back)
You finish school, you finish university
Me I dey sing I dey follow my destiny
And my team demma bringing the best in me
Oh oh oh
I dey shut down shows, you dey bag degrees
You don turn doctor, you cure the sick
While I dey sing song wey uplift the weak
Different lifes and different dreams (oh oh oh)

And I feel so incomplete, as you dey pack your bag to leave
And I dey look you through my window, window uh uh uh uh
But you have to chase your dreams
You got a plane to catch by Six
Pe mi lori phone if you don reach Greece
Le le ye uh uh uh

Anytime you miss me make you call my line ah
If you give me visa I go come walahi ah
Anytime you miss me make you call my line ah ah ah ah

Baby
Sho ma wale, wale, le kankan

Feel so incomplete, as you dey pack your bag to leave
And I dey look you through my window, window uh uh uh uh
