

## Anchor

Boyce Avenue

You gave me love I won't forget  
Once a beacon guiding me along  
Always thought we'd fight and not surrender  
But now it seems there's nothing left  
To think we were confident and strong  
Now you're gone and all I have is never

But we were meant to go down together  
Like a sinking ship caught in the weather  
Said we'd both hold on, hold on forever  
But you let me go down like an anchor  
You and I always forever  
Never thought you'd lie, act like you never  
Said "Until we die hold on forever"  
But you let me go down like an anchor

Down like an anchor

How many rides did we make fun  
Just to keep our hearts on solid ground  
While the tide was pulling us back under  
How many fights did we prolong  
Just to show our love could still be found  
Now my pride, it only makes me wonder

'Cos we were meant to go down together  
Like a sinking ship caught in the weather  
Said we'd both hold on, hold on forever  
But you let me go down like an anchor  
You and I always forever  
Never thought you'd lie, act like you never  
Said "Until we die hold on forever"  
But you let me go down like an anchor

Down like an anchor

After everything we've been through  
Don't wanna live in a world without you

'Cos we were meant to go down together  
Like a sinking ship caught in the weather  
Said we'd both hold on, hold on forever  
But you let me go down like an anchor  
You and I always forever  
Never thought you'd lie, act like you never  
Said "Until we die hold on forever"  
But you let me go down like an anchor
