Teenage Dream

Boyce Avenue

I think you're pretty without any makeup on I think you're funny when you tell the punchline wrong I knew you got me when you let your walls come down, down

Before you met me I was alright But things were kinda heavy, you brought me to life Now every February you'll be my valentine

Let's just talk all through the night There's no need to rush We can dance until we die You and I will be young forever

You make me feel like I'm living a teenage dream The way you turn me on I can't sleep, let's run away and don't ever look back Don't ever look back

My heart stops when you look at me Just one touch now baby I believe this is real So take a chance and don't ever look back, Don't ever look back

When you're around me life's like a movie scene I wasn't happy until you became my queen I finally found you, my missing puzzle piece I'm complete

Let's just talk all through the night There's no need to rush We can dance until we die You and I will be young forever

You make me feel like I'm living a teenage dream The way you turn me on I can't sleep, let's run away and don't ever look back Don't ever look back

My heart stops when you look at me Just one touch now baby I believe this is real So take a chance and don't ever look back, Don't ever...

I will get your heart racing if that's what you need In this teenage dream tonight Let you rest your head on me if that's what you need In this teenage dream tonight

You make me feel like I'm living a teenage dream The way you turn me on I can't sleep, let's run away and don't ever look back Don't ever look back

My heart stops when you look at me Just one touch now baby I believe this is real So take a chance and don't ever look back, Don't ever... I will get your heart racing if that's what you need In this teenage dream tonight Let you rest your head on me if that's what you need In this teenage dream tonight
