

Bed And Breakfast

Boyish

Down at the bed and breakfast
Cold drinks and dirty mattress
Don't call, we're scared to answer oh

Hiding from every [?]
Run when you hear a siren
Down at the bed and breakfast oh

I see (I see)
A secret (a secret)
You're creepin (creepin)
What if you promised
That you will see me through the night
Would it kill?

Was it me?
Was it you?
What the fuck did we just do?
Was it me?
Was it you?
What the fuck did we just do?

Your voice fades in the night
They say you're not inside
You stole my aleby oh

Our face in all the papers
And quotes from our old neighbours
Down at the bed and breakfast oh

I see (I see)
A secret (a secret)
You're creepin (creepin)
What if you promised
That you will see me through the night
Would it kill?

Was it me?
Was it you?
What the fuck did we just do?
Was it me?
Was it you?
What the fuck did we just do?
Was it me?
Was it you?
What the fuck did we just do?
Was it me?
Was it you?
What the fuck did we just do?
(Ooh oh oh)

I see (I see)
A secret (a secret)
You're creepin (creepin)
What if you promised
That you will see me through the night
Would it kill?

Was it me?
Was it you?
What the fuck did we just do?
Was it me?
Was it you?
What the fuck did we just do? was it me?
Was it you?
What the fuck did we just do? was it me?
Was it you?
What the fuck did we just do?
(Ooh oh oh)
