

Don't Stop

Boyish

I don't know my name
Babe, I know I've said yours
We've been like this before
Catch it or watch it fall

I don't know what's real
But I know what I can make you feel, oh
Do you hold what you feel?
Can you hold what you hold?

So baby, don't stop
Now baby don't stop
Now baby don't stop
Now baby don't stop
Now baby don't stop
Now baby don't stop
Now baby don't stop
Now baby don't stop

We're, we're falling like a freight train
Babe, don't try to hold me back
Self control is what I seem to lack
You'll push me and I will push you back
So come and look me in the eye
I will let you know when it is time
So come and look me in the eye
With chills running up and down my spine

So don't stop
Now baby don't stop
Now baby don't stop
Now baby don't stop
Now baby don't stop
Now baby don't stop
Now baby don't stop
Now baby don't stop
