

Howls

Boyish

Find me in the future
Don't know why you had to go
Want to eat your heart, Howl
I don't want to be alone
You should see me at my worst
No one sees the wind blow right through ya

It's not fair you disappear
Do your dirty work when you're not here
Pray you'll stay, plan to go
You get so different when you feel this low

I'll stay in my room
Maybe I'll die in there
Couldn't take it outside
Or the way you stare
I can see the end is coming
Tried to run but my hearts so heavy when you hold it

It's not fair you disappear
Do your dirty work when you're not here
Pray you'll stay, plan to go
You get so different when you feel this low

I'll be everything you want babe
Haunted house in the country
I'll be everything you want babe
Haunted house in the country
Howling
