

# July

Boyish

We're burning July for the girls  
Pouring time straight down our throats  
And I know you tried to love me better  
Now that we're not together  
But I found my dear girl's arms

We're burning July for the girls  
Pouring time straight down our throats  
And I know you tried to love me better  
Now that we're not together  
But I found my dear girl's arms

Cause all that you want is all that you found  
And all that you are is all that you found

Baby baby I  
Oh babe I'm not your darling  
Baby baby I  
Oh babe I'm not your darling

So if it's July for the girls  
Pouring time straight down our throats  
And I know you tried to love me better  
Now that we're not together  
But I found my dear girl's arms

Cause all that you want is all that you found  
And all that you are is all that you found

Baby baby I  
Oh babe I'm not your darling  
Baby baby I  
Oh babe I'm not your darling
