

Superstar

Boyish

You're a superstar
Loves a girl who plays bass
That's cool but I wish I was in her place
Go ahead and give me nothing
You're a superstar
I might drown in the way that I feel
But I guess I'm just a fan

And sometimes I forget you're real
And I know I'm too fucking sincere
But I gave my all
I gave my all

I want to be alone
But if I didn't I'd wanna be with you
I want to be alone
But if I didn't I'd wanna be with you

You're a superstar
Dream about you when I'm biking down the 5
A couple hours past midnight
And I hate that u don't know me

And sometimes I forget you're real
And I know I'm too fucking sincere
But I gave my all
I gave my all

I want to be alone
But if I didn't I'd wanna be with you
I want to be alone
But if I didn't I'd wanna be with you

And I miss you on the weekend
I'd pick you over my friends
Getting dizzy in my head set
I swear I'll say the wrong thing

And I miss you on the weekends
I'd pick you over my best friend
Getting dizzy in my head set
Swear I'll say the wrong thing
