

## Deja Vu

## Boys of Fall

I took my time and I let it get to me, yeah  
But y'all don't feel that  
Y'all don't feel that  
Is it real, yeah?  
'Cause lately  
You just wanna make me  
Start hating myself, and nobody else  
Baby, I wish that you knew how it felt

This feels like deja vu  
Baby I feel like I know who you are  
You been playing with me lately  
You're a ghost and I can feel you in my bones  
I get no love, you expect it back from me  
I get no love, what do you expect from me?

You took your time while you took a part of me, yeah  
And I don't want that, I don't want that feeling  
Yeah, you love to tell me what you think that I should do  
Like it's you that gets me through  
And I don't wanna live, wanna live to please you

This feels like deja vu  
Baby I feel like I know who you are  
You been playing with me lately  
You're a ghost and I can feel you in my bones  
I get no love, you expect it back from me

I get no love but you just love to hurt me  
I know that you know this little game we play  
Is gonna get, gonna get, gonna get, gonna get old

Set it off

This feels like deja vu  
Baby I feel like I know who you are  
You been playing with me lately  
You're a ghost and I can feel you in my bones  
I get no love, you expect it back from me  
I get no love, what do you expect from me?
