

Pissing Off The Neighbors

Boys of Fall

So let's move on.
Find a place to hide and stay gone.
Don't twist my words like I'm wrong. (I'm not wrong)
It's a little too late.
So I'll keep my space from the void that you've made for so long.

I've been thinking that you should probably stay the fuck out.
Listen to you go on and on and on.
It's just too much to take right now.
So let's stay apart.
A little space between us maybe I can start,
To close that little space for you inside my heart.
No more feeding off my worth to help yours.

So let's move on.
Find a place to hide and stay gone.
Don't twist my words like I'm wrong. (I'm not wrong)
It's a little too late.
So I'll keep my space from the void that you've made for so long.

Step back.
Don't want your burdens on my shoulders.
One more word and you know it's all fucking over.
And I hate that I let it ever get the best of me.
I'll set the pace.
Maybe I can get better.
I think you better leave.

So let's move on.
Find a place to hide and stay gone.
Don't twist my words like I'm wrong. (I'm not wrong)
It's a little too late.
So I'll keep my space from the void that you've made for so long.

How you think that I've been lately when you'll say anything?
Cause' I'm sick and tired of chasing you and all your problems.
I'm left with the weight to hold up.
I'm left with the weight to hold, and I need to let this go.

So let's move on.
Find a place to hide and stay gone.
Don't twist my words like I'm wrong. (I'm not wrong)
It's a little too late.
So I'll keep my space from the void that you've made for so long.
Let's move on.
Don't twist me like I'm wrong.
It's a little too late.
So I'll keep my space from the void that you've made for so long.
