Yeah, yeah, let's go

We coming

Come on, come on

You know what I'm talking about

When I look at you strangely, I'll do as I want, swish-swish, switch (Ah-ah)

The feeling of flying up, oh, brand new, brand new (Yeah-yeah)

I felt that unfamiliar feeling

My feet, arms, I'm attracted to you

Oh, I really wanna see you

My heart, rum-pum-pum, pum

Without you my engine will stop

As if someone had turned off the power

This ain't working, woah, ooh-woah

(One, two, five)

Oh, turned off and on all day I'm busy with you

When I reach you, quickly switch

Don't know why nobody can turn off

Only you know my switch

Okay, okay, know the sense of foresight
Okay, okay, as if you and I are used to it
I completely leave my breath to you
You take it, my heart switch

I don't even know, new reaction body, body (Body, body)
My heart keeps on fretting more and more
The more I see you, the more I know
From the beginning, born to be in love with you
Oh, you pretend you don't know, you're cheating
Woah, woah, woah, knock down
You know the location of my button right
Press it all, I don't mind if it's you

Ain't interested in measuring emotions
The light here shines on me
Everything burning, burning, burning, burning, burning
I'll burn up more and show you

Without you my heartbeat will stop
Like you gave me life
I'll be born again, woah, ooh-woah
(One, two, five)

Oh, turned off and on all day I'm busy with you
When I reach you, quickly switch
Don't know why nobody can turn off
Only you know my switch

Okay, okay, know the sense of foresight
Okay, okay, as if you and I are used to it
I completely leave my breath to you
You take it, my heart switch

Woah, I fall in love with your eyes
I already know what to say (What to say)
Maybe from the day I first saw you
I've already guessed that this is fate, damn it
While we're closing our distance between, oh (Ooh)

Oh, my gosh, baby, oh, my gosh
Gon-gon-gon-gonna get it closer
Oh, my gosh, baby, oh, my gosh
Oh, my gosh (Aw)

Oh, my gosh, oh, yeah
Oh, my gosh
Oh, my gosh, oh, yeah
Oh, my gosh, oh, my gosh

Oh, it was off and on all day, I like you
Quick switch at your fingertips
Now I know why nobody can turn off
A switch that only you can control

Okay, okay, this time of fate
Okay, okay, from the start, you and I
I completely leave my breath to you
Now hold my hand, switch
