

You know girls stan girlfriends over boyfriends  
This is Boys World, yeah, yeah  
So I know you better know what it is

When we started out, we both were so obsessive  
All over me, I was all over you  
But lately, baby, you've been gettin' too possessive  
All over me when I'm not with you  
Every time I'm hangin' with my girls  
You're actin' like I'm hangin' with the boys, oh yeah  
We didn't have a problem in the world  
Until you started makin' noise, yeah

I roll with my best and you already know  
That if they ain't impressed, you're gonna have to go  
So if you're gonna press me and treat me like a  
Exit to the left, yeah, they'll show you the door (Yeah, yeah, yeah)

Baby, I could love you or love you not  
Hope you're down with the friends I got  
But if you're not, gotta cut you off  
'Cause you know girls stan girlfriends over boyfriends  
(Girlfriends over boyfriends)  
You know girls stan girlfriends over boyfriends  
You know girls stan girlfriends over boyfriends

(Listen) Here's for any other guy who's gonna try me  
Never gonna leave my girls, they're stickin' by me  
Want this, new and shiny  
Boy best treat them kindly  
If you wanna be part of my view  
You gotta know that they part of the deal

I roll with my best and you already know  
That if they're not impressed you're gonna have to go  
So if you're gonna press me and treat me like a  
Exit to the left and they'll show you the door (Yeah, yeah, yeah)

Baby, I could love you or love you not  
Hope you're down with the friends I got  
But if you're not gotta cut you off  
'Cause you know girls stan girlfriends over boyfriends  
Baby, I could love you or love you not  
Hope you're down with the friends I got  
But if you're not gotta cut you off  
'Cause you know girls stan girlfriends over boyfriends  
You know, you know, you know  
You know girls stan girlfriends over boyfriends  
You know girls stan girlfriends over boyfriends

Say you wanna be, say you wanna be  
Say you wanna be my boyfriend  
Boy, you gotta know how it's gonna be  
'Cause you know girls stan girlfriends over boyfriends
